

Quality Policy (4.1, 5.3)

MS-Group recognises that high standards of quality are an integral part of an effective and successful organisation.

Our Quality Assurance system has been designed to ensure we

build a positive experience of the industry for our clients, which will engender a strong reputation and referrals

manufacture products which meet client expectations, specifications and standards

process our work in accordance with our quality assurance system

employ people who are trained, experienced and committed to our work

continually improve our services through regular reviews of client feedback and

continually improve our quality system through a programme of internal audits

work in partnership with our suppliers to ensure we provide a high standard of service and products

develop, set and monitor progress against our Quality Objectives

provide a safe working environment for employees and clients alike

meet the requirements of ISO 9001:2008

We believe that our commitment to quality, in the true sense of the word is backed by our commitment to the principles outlined in the ISO 9001:2008 standard.
